Community Partnership Evaluation Project

WRITTEN BY: [MAREN HENDERSON, EVALUATION SPECIALIST](#)

The Community Partnership Evaluation project, led by Minneapolis Public Schools’ Research, Evaluation, and Assessment (REA) department, collects student rosters from all community partners—or any organization that serves students who attend MPS schools—to identify gaps and better meet student needs, as well as provide partners with district data. In order to do this, REA must match the information your organization provides in your student roster with the MPS database. The easiest way to match student records is with an MPS Student ID number.

We recommend asking parents to provide your organization with student ID numbers. Because of privacy concerns, school staff cannot share student ID numbers with your organization without parent permission. Many organizations ask parents for their child’s student ID during enrollment and/or on registration forms.

Parents and guardians can find their student’s MPS ID number in the following locations:

1. STUDENT SCHEDULE:

Students in middle school and high school receive a new schedule at the beginning of each term.

<u>ID #</u>	<u>STUDENT_NAME</u>	<u>YIS</u>	<u>PGRM</u>	<u>TEAM</u>	<u>HMRM</u>

2. STUDENT ID CARDS:

MPS high school and middle school students have a student ID card. The design varies by school, but student ID is clearly labeled somewhere on the card.

3. STUDENT REPORT CARD:

Report cards are sent home at the end of every quarter for students in all grades.

Student Name: [REDACTED]	Grade: 00
